Anand,

Got a bit late and sending this out but "Better Late than never"!!

Just wanted to pass in my appreciation for the excellent service I received on my shipment through Worldwide Shipping.

I am extremely happy and satisfied with the promptness and efficiency with which the whole matter was dealt with.

My Shipment had NO damages whatsoever and best of all, my entire dealing was absolutely hassle-free in terms of beurocratic aspects.

I would especially like to mention my big appreciation to you Anand, for all the promptness with which you responded for every query I had at any point of time during our dealings.

I would strongly recommend you guys to all my colleagues and friends who seek to avail of similar services at an point in future.

Keep up the good work!!

Thanks
