Subject: shipment # SFOPUNE8013

Hello Anand,

I recieved my shipment last Sunday. I checked contents of the boxes and everything seems ok. Haven't got a chance to plugin the elctronics items yet but I am sure they will work too.

I would like to thank you and Yatin for making it happen. I will send you my feedback in a separate email in a couple of days as well as post my experience on different sites. I have already shared it with my friends who will be moving to india in near future.

Regards

Madhavi Bodhe
