Subject: My Shipment from New Jersey to Bangalore - Feedback

Hi Anand

Last week, I received my shipment from your partner in Bangalore, e2e logistics. All the packages were intact and I didnt find a single mishap in the entire consignment. I am yet to open some of the boxes, but I could get the feeling that all are safe. The clearance at the container terminal was a breeze, and took me only 1 hour to finish the proceedings. The agent at the office was extremely helpful. I ended up paying a very negligible amount of customs duty (around 1500 Rupees) only.

I once again thank you and your team for the pleasant experience.

Regards,
Sunith Peethambaran.
