Subject: Thanks from Thummsi Raghunath Venkataramana

Hi Rakesh,

Hope you are doing fine. My consignment (NYCBLR6361) Reached India without any problems and I got it Cleared from customs. The packing was in such excellent condition that I can't thank you enough for the wonderful service that you have provided me.

A fact that you will find interesting: When I went to the customs godown to collect my shipment, I noticed that other than those shipped by Worldwide, no other shipment packing was upto the mark!

My interactions with you and your company have been very professional and systematic. Be assured, that I will recommend your company to many of my friends who are planning to relocate back to India.

Again, thanks for your wonderful service!

Your happy customer,
Venkat Thummsi
